

No More Dandruff Blues!

Treat dandruff & control recurrence
with Selenium Sulphide to control
dandruff flaking and itching.

Directions: 1. Massage the shampoo onto wet scalp. 2. Allow to remain on the scalp for two to three minutes. 3. Rinse scalp thoroughly. 4. Repeat application and rinse thoroughly. 5. After shampoo wash hands well. For best results use twice a week or as directed by a healthcare professional.

Cautions: For external use only. Shake well before use. Contains Selenium Sulphide. Avoid contact with eyes or damaged skin. If contact occurs rinse thoroughly with water. Application to skin or scalp may produce irritation or sensitization. If sensitivity reactions occur, use should be discontinued.

Remove jewellery before use. For colour treated or permed hair, rinse thoroughly.

Keep out of reach of children.

Storage Instructions:

Store at or below 25 °C.
